Finished Size

Burgundy Runner shown in video: 16 1/2" x 30 1/2" - Burgundy

Blue and Purple runner on cover and in video - 35 1/2" x 11 1/2"

Placemat - 11 1/2" x 16 1/4"

- Stylish, contemporary and just plain easy to make
- cut your circles and watch the fun beginn

How to print your pattern accurately and avoid mistakes later.

Open your document using Adobe Reader and save to a 'Sewing Pattern' file that's easy to find later. Not all of the patterns actually have pattern pieces. If your pattern has no pattern pieces simply print it. If your pattern includes pattern pieces follow these directions:

Printing the pattern pieces accurately is extremely important. When printing you will need to set your printer options to "print at actual size", or "scale 100%". Each printer varies slightly in the language it uses. Set the printer to print single sided. To begin, test print only the pattern piece with the 1" test square. Measure it carefully once printed. If it's even a tiny bit smaller or larger it can make a huge difference to your outcome. Once you are happy with the scale, print the whole pattern.

How you may use this pattern.

- Feel free to sell items you make at your market stall, to friends or at quilt guild events. Please give credit to the author when possible.
- Using this pattern for mass production is forbidden.
- You may not re-name this pattern, share this pattern, claim it is yours or allow others the use of the pattern or pdf file. This pattern is for the purchasers use only.
